

COMMANDO LIGHT®

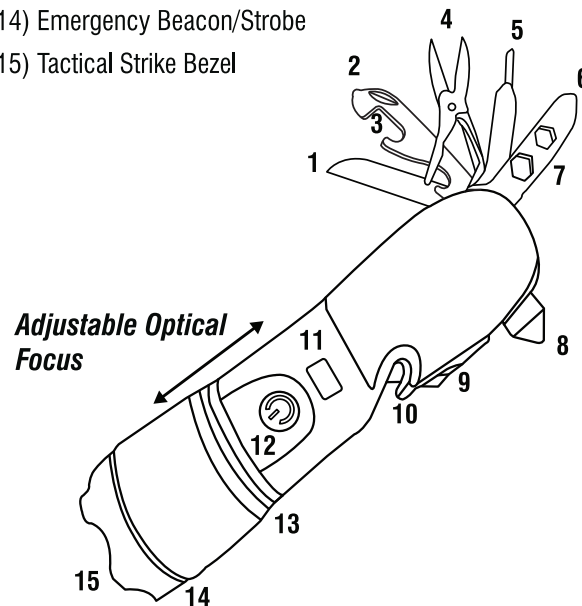

**THE RECHARGEABLE
POWERHOUSE
OF
FLASHLIGHTS!**

MANUAL
Version 1.1

Multi-Function Tools Flashlight

- (1) Utility Knife
- (2) Small blade screw driver
- (3) Can & bottle opener
- (4) Scissors
- (5) Small Phillips screw driver
- (6) Flat screw driver
- (7) 6mm and 7mm hex wrench
- (8) Glass breaking safety hammer
- (9) Safety hammerswitch
- (10) Seat belt and rope cutter
- (11) Micro USB Charging Port
- (12) Power button/flashlight/strobe mode
- (13) Head telescopic lens
- (14) Emergency Beacon/Strobe
- (15) Tactical Strike Bezel

Charging Flashlight

1. Connect the Micro USB cable into the Micro USB Charging port
2. Connect the standard USB plug end of the cable to a power USB port on a computer or other charging device.
3. A red light will indicate that the unit is charging. The light will turn green once the unit is fully charged

Flashlight Usage

1. Press the "flashlight/strobe mode button" (#12 on the diagram) to cycle through following modes. When turning on flashlight, mode result (flashlight or strobe) can vary depending on the last mode used before flashlight was turned off.
 - 1st push turns on flashlight mode
 - 2nd push turns off flashlight mode
 - 3rd push turns on strobe mode
 - 4th push turns off strobe mode
2. Once you turn on Commando Light, you can also change the Modes from regular Flashlight Mode to Strobe Mode by gently pressing the Power button (#12 on the diagram).
3. Extend the Head Telescopic Lens (#13 on the diagram) for a narrow focused beam. This feature lets you zoom in for pinpoint accuracy. Slide back for a wide lit beam.

WARNING

1. This item is **NOT** a TOY. Keep away from children.
2. CONTAINS SHARP KNIVES. Always use caution when using sharp bladed objects.
3. Never shine the light directly into your own or others eyes.
4. The included rechargeable battery is a premium lithium ion battery designed to provide optimum performance; do not change the battery to a standard (carbon zinc) or rechargeable nickel-cadmium battery.

MILITARY GRADE Tactical LED Flashlight

- Lamp Life of 100,000 Hours
- Anti-roll, Slip-Resistant body design
- Water resistance, lightweight & compact
- Rechargeable premium lithium Ion battery
- Super Bright & Blinding Strobe Mode for emergency situations
- High quality stainless steel solid construction with a rubber anti-slip bottom
- Built-in Tool set (utility knife, screwdriver, scissors, bottle opener & bolt remover)
- Telescopic Focus lets you zoom in for pinpoint accuracy or zoom out for a wide lit beam
- Built-in Emergency Escape tool featuring a seat belt cutter and window breaking hammer
- Serrated Tactical Strike Bezel Feature can be used to inflict maximum damage to attackers

Remember to

- Fully charge battery through the USB port before use.
- Do not immerse fully in water.
- To cut seatbelt, insert seatbelt into notch (fig 10) and pull commando light back forth quickly to fray seatbelt.
- To use emergency beacon (fig13) press power button and cycle to strobe mode. Place commando light on flat surface on roadside.
